EARLY CHILDHOOD

The ECC Winter Enrichment classes are a great way to get your Preschool or Pre K child to explore a favorite subject or discover a new one. These classes are designed to focus on the content areas at a deeper level while providing a small, fun class size for your child to learn. The classes run once per week, from 12:45-1:30 and are designed to work with the classroom schedules so your child will never miss a major classroom activity. Enrichment classes are also a great way for your child to make new friends outside of their own classroom. Class sizes are limited, so sign up today!
